HTML, CSS, SCSS, JavaScript, TypeScript, Bootstrap, Material UI, PrimeNG, PrimeFlex PrimeReact, jQuery, Ajax, Axios, GIT, Node, Express, MongoDB, React, Redux, Angular, Python, Heroku, AWS EB, AWS S3, EJS, Handlebars, Stencil, Freemarker, Jasmine, Jest, Karma, TDD, OOP, ES6, Gulp, Webpack, GSAP, Three, D3, Pardot, VIM, BigCommerce, Liferay, Shopify, Jira, Axure Dev Ops, Husky, Prettier, ESLint, StyleLint, Firebase WebSocket's, Photoshop, Illustrator, Adobe XD.

Experience:

4+ Years of experience building frontend, backend, and full stack web applications using a vast array of technologies.

3+ Years' experience with design tools such as Photoshop, Illustrator, and Adobe XD.

22+ Programming languages learned with a high degree of mastery and used to build and launch applications for some of the biggest brands in the world.

12+ Completed projects built in professional corporate settings.

Work History:

Associate Software Engineer at Egen: December 2021 -- Present

Create and configure new angular 13 applications using TypeScript, Husky, Prettier, StyleLint, PrimeNG, and Standard Version.

Built and tested Angular components using Angular 13, HTML, SCSS, TypeScript, Redux, GIT, D3, Karma, and NPM.

Worked with senior engineers to develop sprints, create Jira tickets, assign difficulty, and time estimates.

Perform code reviews for junior and mid-level engineers to maintain consistency and quality.

Implemented unit tests using Karma to ensure the app is running smoothly with every change.

UI/UX Developer at Ampersand through Robert Half: June 2021 -- December 2021

Worked with product and design team to create a clean and modern UI/UX for Angular applications.

Worked on building and styling angular components using Angular, HTML, SCSS, TypeScript, and GIT.

Preformed code reviews and participated in providing documentation for features.

UX/UI Consultant at Dunn Solutions Group Inc: July 2019 -- June 2021

Worked with backend engineers, frontend engineers, designers, and clients to bring ideas to life using technologies such as HTML,

CSS, SCSS, JavaScript, jQuery, Freemarker, Angular, React, GIT, Jira, BigCommerce, and Liferay.

Created images and illustrations using Adobe Photoshop and Illustrator.
